

as a recipient of the Governor's Meritorious Service Award for saving another's life by risking his own.

The Meritorious Service Award is presented to those individuals who have rendered expeditious service in a time of emergency. The Governor and Public Safety Commissioner paid tribute to Karl and 24 other Iowans during the 2007 Governor's Lifesaving Awards ceremony.

On January 12, 2007, Karl happened upon an accident on Division Street in Decorah, Iowa, and saw that a vehicle was engulfed in flames. He called 911 and then immediately went to the vehicle. He attempted to free passenger, Olive Sims, from the car by cutting the safety belt with a knife. He was unable to remove her because her leg was broken and she was wedged in the car. Karl stayed with Olive until the officers arrived on the scene and pulled her to safety.

Karl's bravery goes above and beyond what we are asked of as citizens of this country. His courage illustrates the compassion of Iowans, willing to risk their own lives for a neighbor in need. For this I offer him my utmost respect, congratulations and thanks.

I commend Karl Schroeder for his bravery. I am honored to represent him in the United States Congress and I wish him the best in his future endeavors.

INTRODUCTION OF "THE FEDERAL EMPLOYEES PAID PARENTAL LEAVE ACT OF 2008"

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 8, 2008

Mrs. MALONEY of New York. Madam Speaker, today on behalf of myself, Chairman DANNY DAVIS, Chairman GEORGE MILLER, Mr. HOYER, Ranking Member TOM DAVIS and 17 other members, I introduce a new version of the Federal Employees Paid Parental Leave Act of 2008.

This new version of the bill will provide 8 weeks of paid parental leave to all employees of the Federal Government. In the legislative branch, this includes employees of the Chief Administrative Officer, the Capitol Guide Service, the Capitol Police, the Congressional Budget Office, the Office of the Architect of the Capitol, the Office of the Attending Physician, Office of Compliance, Office of Technology Assessment, Member and committee offices, and employees of the Government Accountability Office and the Library of Congress.

As our Nation's largest employer, the Federal Government should be a leader in family-friendly workplace policies. Current policy not only does not lead, but in fact lags behind what most private sector employers provide. In a time when the Federal Government is struggling to recruit and retain the most qualified workforce, offering family-friendly workplace policies will not only make the Federal Government a more attractive employer, but will also set a standard for other industries to follow.

A TRIBUTE TO DR. WOLFGANG K. H. PANOFSKY

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 8, 2008

Ms. ESHOO. Madam Speaker, I rise today to honor the life of particle physicist, presidential advisor and arms control advocate, Dr. Wolfgang K. H. Panofsky, who died on September 27, 2007 in his home in Los Altos, California. He is survived by his wife Adele; two daughters, Margaret and Carol; three sons, Edward, Richard and Steven; nine grandchildren; and two great-grandchildren.

"Pief," as he was more affectionately known, was born in 1919 in Berlin. At the age of 15, Dr. Panofsky immigrated with his family to the United States where he received degrees from Princeton and the California Institute of Technology. In 1951, he accepted a professorship at Stanford University and, from 1961 to 1984, served as the founding director of the Stanford Linear Accelerator Center (SLAC).

Under his leadership, SLAC became one of the most productive research facilities ever constructed. Its research in high-energy physics and subatomic particles would yield three Nobel Prizes and the discovery of new forms of matter.

The wide-reaching moral and ethical repercussions of his work, particularly his earlier contributions to the Manhattan Project, were not lost on Dr. Panofsky. He carried his zest for discovery into impassioned advocacy, working with our Nation's highest offices and across borders and seas to prevent nuclear catastrophe.

Dr. Panofsky served as an adviser on arms control in the Kennedy and Johnson Administrations, helping to secure the Atmospheric Test Ban Treaty in 1963 and the Anti-Ballistic Missile Treaty of 1972. In 1983, as the Cold War marked an increasingly divided world, Dr. Panofsky dismissed the Reagan Administration's "Star Wars" weapons initiative, and advocated instead for collaboration between SLAC and Chinese and Russian scientists as a deterrent to nuclear war.

Madam Speaker, I ask the entire House of Representatives to join me in honoring Dr. Wolfgang K. H. "Pief" Panofsky. Through his many contributions to particle physics and arms control policy, he has left a legacy of brilliance and social consciousness which will never be forgotten.

HONORING THE 60TH ANNIVERSARY OF THE 3RD U.S. INFANTRY REGIMENT'S CONTINUOUS GUARDING OF THE TOMB OF THE UNKNOWN

HON. HEATH SHULER

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 8, 2008

Mr. SHULER. Madam Speaker, I rise today to honor the men and women of the 3rd U.S. Infantry Regiment, also known as the Old Guard. This past Sunday, April 6th, marked the 60th anniversary of the continuous guard detail provided by the Old Guard at the Tomb of the Unknowns at Arlington National Cemetery.

Guarding the Tomb of the Unknowns is a great military honor that requires the utmost perseverance and dedication by those chosen for the detail. The monument holds the remains of select unknown soldiers from World War I and II, the Korean war, and the Vietnam war. The guardsmen's vigilant watch over the memorial is a sign of honor and remembrance for all of the soldiers, sailors, marines, airmen, and coast guardsmen who have lost their lives in service to the United States and whose remains could not be returned to their families. Each body interred in the memorial is awarded the Medal of Honor, the highest symbol of recognition of service for the United States military.

Madam Speaker, I urge my colleagues to join me in thanking the soldiers of the Old Guard for their vigilance and dedication for the past 60 years in providing a constant guard at the Tomb of the Unknowns. Their efforts ensure that we as a Nation will never forget the
